MINISTRY OF PUBLIC INFRASTRUCTURE RENEWAL

6th Flr Mowat Block 900 Bay St
Toronto ON M7A 1L2

The Ministry of Public Infrastructure Renewal (PIR) is the central agency and change agent responsible for providing an integrated horizontal approach to infrastructure planning. It also oversees the Ontario Realty Corporation, the Liquor Control Board of Ontario, the Ontario Lottery and Gaming Commission and Ontario Infrastructure Projects Corporation. The ministry has three distinct yet interdependent activities: growth planning, infrastructure planning, and infrastructure financing and procurement. All of these components strengthen our communities and economic competitiveness and ensure Ontarians have a quality of life that is second to none. PIR works with line ministries to coordinate the government's investments in infrastructure and on integrating ministries' growth planning initiatives so that government priorities are met.

The Ministry of Transportation supports a positive business climate by planning, managing and maintaining a safe, efficient, reliable and integrated transportation network. The ministry sets safety standards and establishes/enforces regulations relating to road user safety. In addition, the ministry sets design and maintenance standards and manages construction and maintenance activities on the provincial highway network. The ministry also works with other governments to coordinate and integrate transportation networks to promote harmony in policies and regulations. Promoting a safe and efficient multi-modal transportation system that protects the public's investment in the provincial highways and advances sustainable long-term solutions that balance investments in public transit, roads and rail continues to be a key priority.
